Subject: Resources involved in the response?
Date: Saturday, March 23, 2019 10:28:28 AM
Attachments: [resource table.xlsx](#)

HQ is asking for the number of staff involved in the response. We should include bullet in the afternoon report with the number of personnel working the response. I started a resource table which we can use.

Matt/Kelsey can you get the numbers of personnel START has in the field and the number of EPA and contractors with the ASPECT and TAGA.

Thanks - Monica
